Municipality Of Toa Baja – Housing Department's Flowchart

Comments of the Resident Advisory Board or Boards & Explanation of PHA Response

The Board and those that assisted to the Public Hearing asked general questions regarding the Program Politics, the FSS Program and Homeownership Option. They were concerned about the FSS Program requirements; specifically, the need of a Social Worker to assist in the compliance of the FSS goals. They are more than willing that the Program began its operation. The Plans were fully discussed.

Due to the fact that the questions were answered and the Plan was revised, the Board endorses the publication of the ad announcing the Public Hearing and Review of the Plan. (See endorsement letter – attached on next page)

Upfront Income Verification (UIV) System

The PHA plan proposes minor changes to the Housing Choice Voucher Program Administrative Plan establishing a policy to secure and include staff utilization of Upfront Income Verification (UIV) information (TASS – Tenant Assessment SubSystem) to verify the household income of program participants. This is a key strategy in reducing income and rent errors attributable to unreported income and to increase accuracy and efficiency in determining family eligibility and computing rent calculations.
